

## BUILDING A HIGH FUNCTIONING TEAM

### BUILDING A HIGH FUNCTIONING TEAM

Have you ever left a team meeting feeling confused, angry, or like your past hour was a complete waste of time?

It's time to get back to the building blocks of team performance - trust, cohesion, and commitment. Imagine if team meetings were productive, efficient, and left every member with a clear path forward!

This vision is achievable. After identifying your team's roadblocks, this training session develops the necessary skills to communicate honestly, embrace accountability, and generate better performance.

#### DOES THIS SOUND FAMILIAR?

- Individual goals > team goals
